PRESIDENT'S PODIUM

Airfield Security

We are having some security problems at the field that need to be addressed and action taken immediately.

Someone is leaving the gate open when they leave. The first arrival in the morning has found the gate open several times lately. On Wednesday, July 13 I passed the field going to A.J. a member was just getting into his car after closing and locking the gate. In an hour I came back by the field and the gate was wide open the lock was open and just hanging on the chain. **NO ONE WAS AT THE FIELD.** The rule is the last person leaving **MUST** close and lock the gate. NO EXCEPTIONS. Also if you are the first to arrive after unlocking the gate the lock is to be put back in the chain and **LOCKED.** We have had locks stolen when it was not locked on the chain. This gives the thief the gate combination to the field so he can come in any time and do what ever he wants. I hope this is a new member that didn't know the rules not someone who thinks the rules don't apply to them.

We also have a **THIEF** among us. Their have been two different starters left at the field by their owners recently. **GUESS WHAT** they were never heard of again. Then just in the last ten days someone took one of our propane bottles from the grill. I feel very bad to think we have someone in the club that can't be trusted. If you find something that was left at the field call me at 480 882-1388 and I will come and pick it up. DON'T

JUST LEAVE IT.

We must take care of our flying site and each other's equipment or we have nothing. Or worse, we could lose the field altogether.

Remember if you have a guest fly on your membership card the guest **MUST** have an AMA license. At the October 1st meeting we will plan on going over our club rules. - Olen Trenary, President, EVA
